Ricerca tecnologica ed estetica caratterizzano la visione Azzurra.

Il design è lo strumento per costruire un progetto dalla forte identità che si esprime attraverso forme, colori e dimensioni e che risponde, al contempo, a differenti desideri e necessità.

Technological and aesthetic research characterize the Azzurra vision.

Design is the tool to build a project with a strong identity that is expressed through shapes, colors and sizes and that responds, at the same time, to different desires and needs.

DESIGN ALESSIO CASCIANO

IT Ispirata alle vasche lavamano del passato, con la funzione di raccogliere l'acqua in eccesso durante il lavaggio, la collezione "Iride" a firma Alessio Casciano è rivisitata da un taglio scultoreo e contemporaneo sulla superficie ceramica a grande spessore: la vasca a forma ellittica è cinta da un bordo svasato più circolare, a richiamare la forma dell'occhio.

Le tante declinazioni di tonalità disponibili hanno portato a chiamare "Iride" questa versatile collezione.

EN Inspired by the hand-washing lavatories of the past, with the function of collecting excess water during washing, the "Iride" freestanding washbasins collection signed Alessio Casciano is revisited by a sculptural and contemporary cut on the thick ceramic surface: the elliptical-shaped bowl is encircled by a more circular flared edge, recalling the shape of the eye.

The many shades available have led to this versatile collection being called "Iride."

IT Nella versione freestanding da appoggio, la silhouette del lavabo è sorretta da una struttura minimale in tubolare in metallo verniciato a polveri, che può sorreggere nella parte inferiore una semplice mensola ellittica come piano d'appoggio, o essere configurata con un compatto mobile contenitore ellittico in legno a cassetto - customizzabile in varie finiture - dal design essenziale e funzionale ma con un ingombro ridotto.

EN In one of the freestanding version, the silhouette of the washbasin is supported by a minimal tubular powder-coated metal structure, which can support a simple elliptical shelf at the bottom as a countertop, or be configured with a compact elliptical wooden drawer storage unit - customizable in various finishes - with an essential and functional design but with a small footprint.
