Aurea

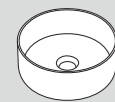

OFFICINA AZZURRA, 2024

IT Geometrie pure ed essenziali, unite ad un design armonico, definiscono Aurea: nuova collezione ceramica disegnata da Officina Azzurra. Gli elementi del bagno sono caratterizzati da forme piene e accoglienti ottenute attraverso una sapiente alternanza di linee rette e archi di circonferenza. Un linguaggio senza tempo e trasversale, adatto agli interni contemporanei.

EN Pure and essential geometries, combined with harmonious design, define Aurea: the new ceramic collection designed by Officina Azzurra. The bathroom elements are characterized by solid and welcoming shapes achieved through a skillful alternation of straight lines and arcs of circumference. A timeless and transversal language, suitable for contemporary interiors.

DESIGN DANIEL LIBESKIND, 2018

IT Si avvicina all'idea di scultura la collezione che rappresenta la personale interpretazione di Daniel Libeskind dell'ambiente bagno, espressa attraverso la rivisitazione dei principi dell'estetica neoclassica. La serie si distingue per il dinamismo delle forme, realizzato mediante un atto di torsione che rende protagonista la plasticità della ceramica bianca. Trattata espressivamente al pari di un blocco di marmo di Carrara e caratterizzata da vibranti effetti chiaroscurali.

EN Advancing towards the concept of sculpture, this collection represents Daniel Libeskind's personal interpretation of the bathroom environment, expressed through a return to neoclassical aesthetic principles. The series is distinguished by the dynamism of its forms, created by means of an act of torsion that places the plasticity of white ceramic in the leading role. Treated precisely like a block of Carrara marble and characterised by vibrant chiaroscuro effects.

DESIGN OFFICINA AZZURRA, 2018

IT La collezione già dal nome rivela una ben definita matrice estetica, basata nel caso particolare sulla rielaborazione geometrica del cono. Sia i lavabi da appoggio che i sanitari, da terra e sospesi, presentano un carattere scultoreo di immediato appeal.

EN The name of the collection already reveals a well-defined aesthetic cast, based in this particular case on the geometric reinterpretation of a cone. Both the over counter washbasins and sanitarywares, floor-mounted or wall-hung, have a sculptural character with immediate appeal.

Charme

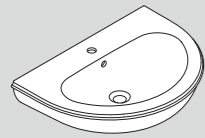

DESIGN LAUDANI & ROMANELLI, 2013

IT Citazioni classiche e linee senza tempo per la serie Charme firmata Laudani & Romanelli. Decisamente lontana dal rigore geometrico dei sanitari contemporanei, è impreziosita da raccordi sinuosi, dolci rastremature e dal raffinato dettaglio del profilo a "toro", rilettura contemporanea del capitello ionico.

EN Classic workmanship and timeless lines for the Charme series designed by Laudani & Romanelli. Far removed from the geometrical rigour of contemporary sanitaryware, Charme is embellished with sinuous fittings, gentle tapering and refined details of a 'bull-like' profile, a contemporary reinterpretation of the Ionic capital.

DESIGN OFFICINA AZZURRA, 2023

IT La matericità è il tratto distintivo di questo nuovo piatto doccia, interamente in ceramica. Attraverso l'utilizzo di uno stampo ad hoc e di uno speciale smalto, cotto ad alte temperature con tecnologie dedicate, il prodotto assume una texture che richiama quella della pietra. Le creste leggere della superficie conferiscono tridimensionalità e creano un effetto antiscivolo. La pileta, prodotta con la stessa texture del piatto doccia, diventa un unicum con l'area circostante. I quattro colori della collezione, gesso, beige, grafite e grigio, evocano le tonalità della terra e degli elementi naturali.

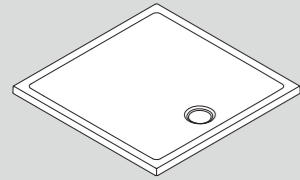

EN Materiality is the hallmark of this new shower tray, entirely in ceramic. Through the use of an ad hoc mold and a special enamel, fired at high temperatures with dedicated technologies, the product takes on a texture that recalls that of stone. The light ridges of the surface give three-dimensionality and create an anti-slip effect. The drain, produced with the same texture as the shower tray, becomes unique with the surrounding area. The four colors of the collection, chalk, beige, graphite and gray, evoke the shades of the earth and natural elements.

DESIGN GIOVANNI LEVANTI, 2013

IT Si ispira all'immagine di un tronco il lavamani firmato da Giovanni Levanti. Un esclusivo pezzo unico che, nonostante le ridotte misure del bacino, afferma la sua presenza all'interno dell'ambiente attraverso il risalto della dimensione verticale.

EN The image of a tree trunk inspired Giovanni Levanti to create this washstand. An exclusive single piece which, despite the reduced size of its basin, asserts its presence within the environment through the prominence of its vertical dimension.

Graal

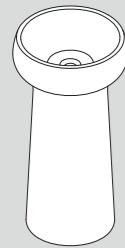

DESIGN ANGELETTIRUZZA, 2009

IT Non nasconde la sua natura evocativa il lavabo *freestanding* firmato da Silvana Angeletti e Daniele Ruzza realizzato in ceramica. È un tributo a un materiale antico che evoca ritualità legate al tema della coppa o dell'anfora, riattualizzate attraverso un gioco di fuori scala e linee rivisitate.

EN It does not hide the evocative nature of the freestanding washbasin expressed by Silvana Angeletti and Daniele Ruzza created in ceramic. It is a tribute to an old-age material that evokes a ritualism related to the theme of the goblet or amphora, re-elaborated via an interplay of larger-than-life and re-examined lines.

DESIGN PAOLO ULIAN, 2008

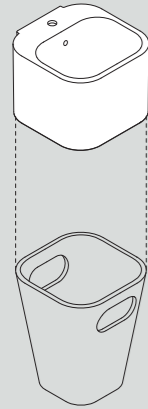

IT In bilico tra lavabo sospeso e lavabo a colonna, il progetto di Paolo Ulian introduce nell'ambiente bagno una inedita tipologia di prodotto che trasforma il volume sotto vasca in un versatile cesto contenitore in poliuretano laccato. Abbinato al bacino in ceramica, lascia spazio a molteplici interpretazioni d'uso.

EN In the precarious balance between wall-hung washbasin and washstand, Paolo Ulian introduces a novel product that transforms the space under the bowl into a versatile lacquered, polyurethane container basket. Combined with ceramic basin, it allows multiple interpretations in terms of use.

Leuca

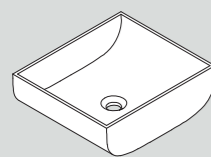

DESIGN DIEGO GRANDI, 2022

IT Il lavabo Leuca, disegnato da Diego Grandi, nasce da una suggestione legata al paesaggio marino della costiera salentina, luogo dove le acque del mare Adriatico si mescolano a quelle dello Ionio: l'unione dei due si fa motivo di un momento creativo che si traduce in linee, forme e moto nel lavabo. Il profilo di Leuca si delinea attraverso un bacino, sia singolo che doppio, in cui dialogano linee ondulate e spigoli netti. La vasca del lavabo è caratterizzata da un'accogliente sezione curva che riprende in astratto il disegno di un'onda, a conferire dinamismo alla materia ceramica liscia e uniforme. Leuca è disponibile in tre formati e nelle finiture Bianco Lucido e COLORS 1250° e Shine.

EN The Leuca washbasin, designed by Diego Grandi, was born from a suggestion connected to the seascape of the Salento coast, a place where the waters of the Adriatic Sea intermingle with those of the Ionian Sea: the union of the two seas, becomes the reason for a creative moment which results in lines, shapes and motion in the washbasin. Leuca's profile is outlined through a basin, both single and double, in which sharp edges and wavy lines interact. The basin of the washbasin is characterized by a welcoming curved section that recalls the abstract design of a wave, to give dynamism to the smooth and uniform ceramic material. Leuca is available in three sizes and in glossy white and COLORS 1250° and Shine finishes.

Cleer

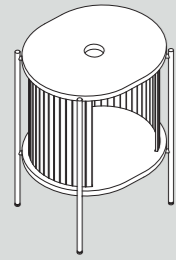

DESIGN DIEGO GRANDI, 2024

IT Cleer, collezione di arredo disegnata da Diego Grandi, prende ispirazione da un termine che in gergo meneghino, significa saracinesca, serranda. Con un inedito effetto di straniamento, i nuovi mobili Azzurra richiamano questo elemento del paesaggio urbano introducendo un componente tecnico all'interno della stanza da bagno.

EN Cleer, a furniture collection designed by Diego Grandi, takes inspiration from a term in the Milanese dialect, which refers to a shutter or roller blind. With a unique effect of estrangement, the new Azzurra furniture evokes this element of the urban landscape by introducing a technical component into the bathroom space.

Charlotte

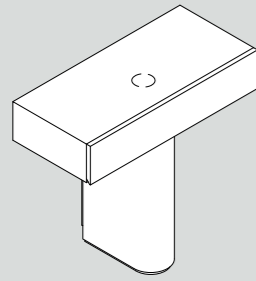

DESIGN DIEGO GRANDI, 2022

IT La nuova collezione di mobili disegnata da Diego Grandi deve il suo nome a una delle principali esponenti del Movimento Moderno, l'architetto Charlotte Perriand, e si ispira ai suoi iconici progetti d'arredo. La colonna rappresenta l'elemento centrale del mobile, che reinterpreta il materiale ceramico grazie all'utilizzo dell'essenza di rovere: lavorata secondo un profilo semicircolare sul fronte, costituisce l'appoggio del piano, rispetto al quale si dispone lateralmente, secondo uno schema asimmetrico. Il piano in legno, disponibile in quattro formati standard e in dimensioni custom, sviluppa l'arredo in senso orizzontale aggiungendo gradi di funzionalità a Charlotte grazie alla presenza di cassetti. Un volume inferiore laccato opaco, completa il mobile attraverso un ampio contenitore sospeso.

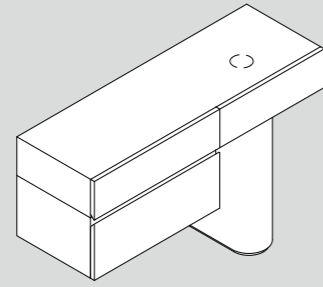

EN The new furniture collection designed by Diego Grandi owes its name to one of the leading exponents of the Modern Movement, Charlotte Perriand, and is inspired by her iconic furnishing projects. The column represents the main element of the furniture, which reinterprets the ceramic material through the use of oak essence: worked according to a semi-circular profile on the front, constitutes the support for the top, against which is arranged laterally, in an asymmetrical layout. The wooden top, also available in 4 standard sizes and in custom sizes, develops the furniture horizontally adding levels of functionality to Charlotte, thanks to the presence of drawers. A lower volume matt lacquered, completes the furniture through a large suspended box.

DESIGN ANGELETTIRUZZA, 2010

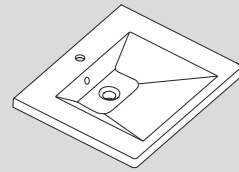

IT Il tema della sottigliezza incontra con successo il mondo dei sanitari in ceramica. È la sfida raccolta da Silvana Angeletti e Daniele Ruzza che avvicina i pezzi in collezione alla tattilità espressiva di materiali. Un lavoro progettuale operato per sottrazione per dare vita a una serie di lavabi e sanitari definita da proporzioni sempre più alleggerite.

IT La collezione già dal nome rivela una ben definita matrice estetica, basata nel caso particolare sulla rielaborazione geometrica del cono. Sia i lavabi da appoggio che i sanitari, da terra e sospesi, presentano un carattere scultoreo di immediato appeal.
